# INSTRUCTIONS OF A MASTER TO HIS CHELA OR DISCOURSES OF THERON, THE ADEPT BY

DR. M. DOREAL

An astounding book of inspiring instruction, which reveals many secrets of Initiation into the Great Mysteries.

This sacred instruction has never before been revealed to the world at large, it has remained with those of the Initiate throughout the Ages.

The main subjects discussed and places visited are as follows: The Secret Cities, or "Seven Cities of St. John (or Cibola)," The Cosmic White Lodge, The Secret Flame, The Inner Earth, (The Inner Temple and the Blue Race), Time and Space, Law of Life, The Emotions, The Chela.

"INSTRUCTIONS OF A MASTER TO HIS CHELA," is an unforgettable book. It lifts the reader into such heights of consciousness that often the Spiritually evolved student can contact the Great Masters through the attunement which may be derived from its reading. The student wishing to enter into the Teachings of the Inner Mysteries MUST read this book for it shows the Path others have taken, the Path all Occult Students must take.

# KEYS TO THE KINGDOM OF GOD

BY

DR. M. DOREAL

(Part One)

Man has ever searched and continues to search for God. He reads books, studies philosophies, listens to sermons, is converted to religions, yet he does not find God, is not certain of His existence, even doubts his salvation, his savior, and his faith, because he is unable to find the God he seeks through any of the aforementioned ways. In order to find God we are told by Jesus that "we must become as a child."

A child's mind is not full of impure thoughts and evil deeds. Arrogance, conceit, and narrow mindedness is not a part of its consciousness. Such negation only enters its mind when placed there by its fond parents or someone else. A child trusts, and believes what it is told, it never doubts or questions the faith it was taught. Its sense of humbleness is very pronounced. It trusts and feels safe when with its parents only.

This explains the Kingdom of God, the Key that opens the gate to the seeker. It is first necessary for us to become

humble and to purify our minds. We must live in and trust implicitly in good and God. We must conceive in mind what God is, then we must possess absolute faith in His protecting power and love, and as a child obeys and trusts in its parents we must obey and trust in God.

Most people ask: "Has God a form or is he formless, is He in the sky or within man, is he in the heavens or on earth?" The answer is, that God manifests in all forms of life, they are in Him. He is also formless. Space and elements are His manifestations.

Man is the manifestation of God and therefore is His Son. He is of heavenly origin, so likewise are all breathing creatures, regardless of how low a vibration the creature may be, God is ever causing its growth and protecting it through His love. He it is, that appears in all creatures as the instinct of self-preservation.

He comes to man in the silence of the night with loving devotion in the form of thought. As a formless being He is the mind, as a being of form He is the creature, as the invisible world He constitutes immortality, as the mundane world He it is who constitutes mortality.

At birth He is our life, at death He is our reaper, after death as before birth, He is our preserver. In Him there is no evil, no lust, no sin, no sorrow, no pain, no poverty, for He is perfection. Can He be more?

To worship Him as He is we must see all things as His creations, all life as Him, and all forms as His form, knowing Him within and without as the only reality.

To devote ourselves to this Father-Mother God, let us sit silently until all outer sense activity ceases, then let us enter into the inner closet of being and ask for a blessed vision of His radiant being.

Then as Jesus did let us resign ourselves and our lives to doing His Eternal Will. Let us continue in this meditation until we finally become unattached to the world of sense and are conscious only of reality, of the only reality, God, His perfection manifests in us as beloved sons in whom He is well pleased. Then as the true vision dawns upon us we chant His name, Yod He Vau He, until all thoughts of self vanish, and in blissful communion we seek His way. When we become worthy, the Kingdom opens unto us, granting us soul immortality.

When we lose all arrogance and humble our mind to this Universal God and all His varied forms and formless manifestations, we are then, through the power of divine Mind, endowed with all necessities of life. Then we have entered into the perfected kingdom of God.

Thought is the most powerful of God's manifestations, while concentration of thought is the power of creation. Therefore, let us fashion a vision of

the Universal manifestations of God, then focus the vision to a point. Let us then concentrate and exercise our thoughts and obtain unity with God, after which the negations of mind will vanish leaving us in blissful at-one-ment with God. Realizing this divine state of positive God consciousness, we can banish fears, diseases, and sorrows, because having entered the kingdom we leave all negation and sin without. Let us sing this song in the depth of our soul:

Oh God of truth, love, and light  
From mortal concept I take flight  
To envision Thee on planes above  
Through power of thought and In-  
finite love  
I seek to meet Thee face-to-face  
I'm not content with belief in grace.

With these thoughts in mind the forces of negation are dispelled and the channels of thought are cleared so one can understand divinity and reality. He can then comprehend God and His various manifestations, while his mind trusts in the ever present reality of the Spirit, Truth, and God.

# ACTIVITIES AT TEMPLE HEADQUARTERS

This has been such an exciting and busy week. So many things have happened. We thought it was the last week of summer vacation but school doesn't start in Douglas County until the 12th of September, so we still have three weeks.

The Ministers have been especially busy preparing and giving the nightly Classes, as well as giving special help many times.

Dr. Marguerite Pratt is in charge of the Morning Service next Sunday. Her subject is "Reincarnation." Howard Morrow has charge of the Junior Church. Dr. Doreal will have charge of the seven P.M. Service and is planning to give another one of his very inspirational Class-lectures, open to the public.

Dr. Tully has cancelled his Services for next Sunday at three P.M., so that this time can be devoted to the study of fire-fighting techniques and learning how to use our fire-fighting equipment more perfectly.

It was most remarkable the way the fire on Goat Hill, across from the Temple was so quickly brought under control last Sunday Afternoon. It is a good example of cooperation. Practically every able bodied man and many women turned out with shovels, sacks, etc., and in a very short time,

the blaze was under control. We certainly appreciate the Fire Trucks from Castle Rock and Sedalia, and the volunteer fire fighters. We wish to thank every one for their hard work and effort.

If anyone in Shamballa should discover smoke or fire, in the forest, they should immediately call Dr. Robert Morrow. If they cannot get him, then call the Sheriff of Douglas County. We should all exert extreme caution during this dry weather to prevent forest or grass fires.

Bill Thomson, one of our visitors from Los Angeles, California, gave an Organ Recital last Sunday Evening after the evening lecture. A few of his musical selections were "Psalm XIX Marcello," "Sound of Music," "Brown-eyed Girl," which was his own composition and three songs from "Kismet." These were "Baubles, Bangles and Beads," "Night of my Nights," and "This is my Beloved." The program ended when Beverly Anderson sang and Mr. Tomson played "You'll Never Walk Alone." We all certainly enjoyed the beautiful organ music and Beverly's singing. We wish we could have more of it.

We were most happy to welcome Rev. Marion Jones from Los Angeles to Shamballa. She was here from Sunday through Friday. Reverend Marion and her husband, Reverend George Jones have a large B.W.T. Group in Los Angeles. Reverend Marion was en route to Clarksburg, West Virginia, to visit relatives.

Mrs. Sonya Doreal and her mother, Mrs. Swanander from Shamballa, attended the Republican Meeting at the home of Mrs.

Harald Senter last Wednesday afternoon. The speaker was Mr. John Nichols from Elbert County, candidate for the State House of Representatives.

The 4-H Garden Club on their Garden Tour came to Shamballa Monday to see Sandra and Ronnie Evans' Gardens and Sandra's roses. There were twelve Club Members, their leader, Mrs. Delores Hughes, Mrs. A. R. Hier and Mrs. J. Y. Lagae. Then the group went to the Murphy Home for a Picnic. Mrs. Murphy is Leader of the Entomology Club, which is combined with the Garden Club.

Mrs. and Mrs. Blackburn have bought the Bemister house and are now making their home in the Retreat.

Mr. and Mrs. Glen Evans and Ronnie were Saturday Evening guests of Mr. and Mrs. Howard Morrow for barbecue hamburgers.

Mrs. Dora Morrow prepared the meals last Sunday and on last Monday for the guests at the Administration Building, giving Mrs. Mabel Hundley a little time off. Other helpers are Sandra Evans and Mrs. Velma Morrow.

The Tour for the guests conducted by Dr. Robert Morrow was a great success. It began about nine A.M. and ended about six P.M. It covered the scenic spots from Deckers through Manitou and back by way of the Air Force Academy. Those attending were Lillian Lewis, William Ray, Carlos Wise, Vivian Teaney, Bill Thomson, Mrs. Anderson and Beverly, and Sandra Evans.

Mrs. Alda Gage returned home last Wednesday, after an extended visit with relatives in Chicago and surrounding areas.

# THE AUTHENTIC ST. GERMAIN

From undeniable documentary evidence Dr. Doreal has compiled the facts concerning St. Germain. St. Germain has recently been reputed as an Ascended Master. A great amount of interest in the authenticity of St. Germain's Occult Powers has recently developed. So much has been said and written about him during the last decade that thousands have accepted him as their Spiritual Master and Teacher without taking the time or trouble to verify his authenticity. Because the records of his life were not readily accessible to check, little has been actually known of his true life.

The records concerning St. Germain (taken from "Mitchel Papers" in the British Museum, and other documents in the French Foreign Office and elsewhere) are quoted by Dr. Doreal. These records written by men who personally knew him, with letters, which he himself wrote, etc., establish facts concerning his life, habits, and Spiritual qualities which are undeniable.

The Truth about St. Germain is authentically given in this book. Those who have been led to believe that he is a Master or Adept, and who wish to learn the facts about his Spiritual and Occult Powers, cannot afford to miss reading this exposition of the "true life" of St. Germain.
